Feedback on Cyberbullying Workshop

The workshop on cyberbullying and social media distraction organized by Unity College in collaboration with Times NIE and CECS was a valuable and timely initiative.

Mr. Vishesh Singh's engaging and informative presentation provided our students with a comprehensive understanding of the dangers lurking online.

His emphasis on personal responsibility and the need to be mindful of one's online interactions was particularly impactful. The workshop's practical advice on safeguarding oneself from cyberbullying and the importance managing social media usage will undoubtedly equip our students with the necessary tools to navigate the digital world safely.

I would like to express my sincere gratitude to Mr. Singh for his insightful contribution to this event. I also commend the organizers Times NIE for their commitment to fostering a safer and more informed digital environment for our students.

Regards

(Mr. Deepak M. Mathews)
Principal
